

Dear Supporters of Safe Passage,

Happy New Year!

With your support, women and children have found the strength to overcome life-changing obstacles and rebuild their lives. Through their courage they have touched our hearts and will live on as an inspiration to others seeking help.

Since its foundation, Safe Passage has taken great strides to break the cycle of abuse by providing women resources, counseling, and life skills workshops. As a family, we work towards our mission - to save, compassionately transform, and empower these brave women and their children so that they may live healthier lives full of love and hope.

For this upcoming year Safe Passage is seeking funds to:

- To sustain the Children Program - This program will assist mothers in the process of building their careers while helping their children cope with the abuse they have experienced.
- Give women tools, resources, and materials to find employment.

Every year we rely on your generous donations that help serve our community. Please consider joining our monthly donation program online at <http://safepassagelives.org/donation/make-a-donation/>

*My sincere gratitude from my family to yours.*
